Authenticity Academy

Discover True Leadership

Discover Your Authenticity

Your biggest dreams and smallest aspirations provide your drive.
Choosing to believe in their inevitable fulfillment is your determination.
Living in alignment with who you are is your path.

We help you find all three, firing up motivation, clarity and living the joy of authentic self-leadership.

Be Who You Are

The Authenticity Academy team works with individual members of your organization. Individuals deeply discover who they are and what is important, creating an Authentic Vision and Plan to live in alignment.

Integrate You

In the second phase, the focus is on creating real life results over the course of three months. Individuals learn new skills and tools for implementing their vision and plan in their daily lives.

Advance You

Individuals take their authenticity to a new level, discovering life purpose, defining big dreams, and making sharp goals.

Authenticity Academy helped me find my true self, helped me to pull myself out of a dark place and be able to dream again. Not only that, in only 3 months, I am well on my fulfillment path: I have started writing my book which is 60% done, I've authored an online coaching program, I've created a 5-Day Challenge, and I have 3 new clients. Thank you for helping me to be real.

Authenticity Academy

Discover True Leadership

Perform Together

Learn to lead as a team to
100% employee engagement and exceptional results.

Three immersive workshops to discover who you are and what your vision is as a team, how to integrate your authentic leadership, and align your goals for optimum organizational performance.

Be Who You Are

The Authenticity Academy team works with individual members of your organization, helping each team member deeply discover who they are and what unique contributions they offer.

Be Who We Are

In the second phase, we pull all those individual definitions together to define who you are as a team. We take the team definition and apply it directly to the organization's mission, vision, values, and goals to produce an actionable Authentic Leadership Vision and Plan.

Integrate We

In the final phase, we bring the team's vision and plan to life in your organization, measuring and delivering leadership results, over the course of three months.

"At a time when I was under intense pressure to perform at the highest level, Authenticity Academy helped me ignore the doubt in my head and tap into the power of my heart. I am now the person my company and my team needed me to be, driving our exponential growth.

-Rnold Smith, CEO - Connection Apps Inc.

Authenticity Academy

Discover True Leadership

Lead Leaders

Become an Authenticity Advocate.
Lead others to fulfillment and organizational performance.

Expand your deep learnings to impact the lives of others.
Learn and practice coaching skills, facilitation skills and tools to inspire authentic leadership.
Integrate the templates and methodologies necessary for consistent results.

Become Coach

The Authenticity Academy team works with individuals for three consecutive days. Each day, team members learn new skills, tools and templates for leading workshops and programs. Participants learn to be a coach through a mixture of knowledge acquisition and practical experience.

Advance Coach

In the second phase, coaches learn the content of the Leadership Pathfinder Program and the Leadership Accelerator Program. Coaches learn to generate innovative ideas in authentic leadership, then how to select the best innovations to develop and implement.

Most impressive of all is the high morale and productivity that Authenticity Academy engendered among the project team. They've done a great deal to career develop the project members, demonstrated exceptionally keen ability to recognize talent and align skill sets."

-Bill Detwiler, AVP Human Resources and Business Services
